

Parking Information for Rancho Canada del Oro Trail Runs

There is very limited parking available at the overflow lot at the end of Casa Loma Road. You may reserve a parking spot at the overflow lot by signing up early and requesting a spot.

Runners can always park at the Calero Parking lot. This parking lot is located a slight distance from the starting line. As such, we would like to encourage runners to make arrangements for carpooling from the Calero Lot to/from the start line in advance. If you would like to be put on the carpool list please email us at troy@tctrans.com with the following information **Subject** of email "Carpool list Rancho"; **Body** of email list your name, contact information, whether you need a ride to/from the Calero lot or whether you would be willing to drop off or pick up one or more fellow runners from Calero to the starting line. Depending upon volume of registrants, a shuttle may be provided from the Calero Parking Lot. If needed, we will begin to shuttle runners at 7:30 am with the last shuttle to the start leaving at 8:00 am. Check back at the website closer to the event for details.
